## LATEST PROJECTS

### **#KIOSK FOR WONDERLA AMUSEMENT PARK [ A KIOSK FOR HIGH FOOT TRAFFIC AREA ]**

Wonderla is the largest chain of amusement parks in India and the number of people per day is really high so it gets really hard for the restaurants to manage all these customers. This was the reason for making this KIOSK, This app can easily manage the Orders and Payment of the customer and also keeps track of the Order for all the kitchens. The Online RazorPay and Offline QR scanning helps decrease the Order time as much as possible. Made for Kochi, Bangalore and Hyderabad, this app is the all in one solution for decreasing the waiting time and increasing productivity of Wonderla Parks all over India.

### **#BRIGHT [ A Trip managing Hybrid App for BANKS ]**

Created for managing Trips, Users and Vehicles for companies who lend their vehicles to Banks. The Banks may need to transport their confidential resources to other branches, so they hire these transporting companies. This app keeps track of these vehicles and persons inside them. It also keeps track of the working hours of each vehicle and user and then uses this data for payment based on these hours. The Bright app also generates detailed report of all data available in this app.

### **#ORDER BOOKINGS FOR TEMPLES [ A Hybrid app for devotees for Pooja Booking ]**

This app was built during the pandemic period, Since devotees cannot physically go to Temples, this app sanctions devotees to book all types of poojas and has features for temples to respond to these bookings. It has all the features of an e-commerce app but customised to meet temple and user requirements. More than 7 well known Temples use this app.
